

3 Day Program Planner

The Catalina Experience™ at White's Landing

To ensure all your program needs are met in the easiest, most effective way possible we utilize early program planning. Because phone calls are often interruptive to your classes, we will conduct the initial program planning by mail and email.

Please complete the information below and return it to our office. The earlier we have your planner information, the easier it will be to schedule your selected programs. This will enable us to coordinate your program with the other groups attending TCX during your scheduled time. We will contact you by phone to go over the final details of your trip five weeks prior to your departure.

GROUP INFORMATION

Group Name: _____ From: _____
Program dates: _____ Grade Level/ Age: _____
